Path Investments plc
("Path" or the "Company")

Path Investments engagement via Vox Markets

To facilitate their commitment to transparent and consistent engagement with all shareholders, Path has decided to utilise the services of Vox Markets, the agnostic IR platform.

Vox Markets is an award-winning service that provides the sophisticated investment community with aggregated information from a variety of sources.

Vox Markets has positioned itself at the forefront of the revolution in how companies communicate their shareholders and the stock market at large. By engaging with Vox Markets, Path and their IR team can ensure that both shareholders and the wider professional investment community are always fully informed.

To learn the latest on Path Investments, investors should download the Vox Markets app www.voxmarkets.co.uk/app and follow 'PATH' at www.voxmarkets.co.uk/company/PATH to receive push notifications when the company feature in the press, release an RNS or feature on a podcast interview.

About Path Investments

Path Investments is an investment company with the objective of acquiring oil and gas production, or near production, assets which possess a lower risk profile than exploration or development assets. The company has a highly experienced management team and has a worldwide pipeline of potential opportunities.
